## WHAT WILL I LEARN?

The Bachelor of Arts degree in African and African Diaspora Studies offers students an interdisciplinary educational experience that fosters an understanding of the global experiences of African and Africandescended peoples in Asia, Europe, and Oceania. Students will gain an appreciation for the diverse character of humanity, explore the complex historical and cultural relations between Africans on the continent and Africandescended peoples in the Diaspora, and engage in a comparative study of issues affecting Africans in the continent and Diasporas.
